alec

seriously

it's like this One Time

she was trying to tell me about this Date she went on with this Dude from Pasadena

but I wasn't really Listening cuz I was in the Middle of a Big Race in Mario Kart

so she got Super Pissed and Threw my N64 out the Window

so we didn't talk for like Weeks, right?

but then One Day I got home from School and there was a Playstation in my Room with a Note that said like

"Me and Stewart Broke Up

Sorry I was a Bitch

Blah Blah Blah I Love You"

it's Shit like that, you know?

I mean Okay

she sorta messed up cuz she thought a Playstation was an N64 when they're totally Different Systems

but it was Cool cuz then I got to play all these Games that never came out for N64
